

CONSUMER PROTECTION ACT

The new CONSUMER PROTECTION ACT of which most regulations were implemented on April 1, 2011, needs to be considered by any manufacturer and service providers.

It is necessary for the Industry to discuss and implement ways to inform the end-user of the intended use of a specific product.

Roy Smith of Mint Road arranged and hosted a presentation by Janusz Luterek addressing the implications of the CPA on the Timber preservative Industry.

This was a very informative presentation and Janusz answered questions relevant to the preservative industry.

I think it will be to the benefit of the sawn timber industry if a similar event can be arranged for the Sawmilling/Roof truss Industry.

Any company may contact Janusz but maybe a joint effort by region will be more effective. What about Sawmilling South Africa to follow up on this?.

Janusz is based in Pretoria with following contact details.

Janusz Luterek
Hahn & Hahn Inc.

VERBRUIKERS WETGEWING

Die nuwe VERBRUIKERS WET waarvan die meeste regulasies op 1 April 2011 implimenter is, moet deur alle vervaardigers en dienslewerende besighede in ag geneem word

Dit is noodsaaklik vir die industrie om maniere te vind en te implimenter om die eindverbruiker tov produk verbruik in te lig.

Roy Smith van Mint Road het 'n aanbieding deur Janusz Luterek gefasiliteer waar die implikasies van die wetgewing op die Hout Behandelings bedryf bespreek is.

Dit was 'n baie insiggewende aanbieding waar vrae relevant tot die behandelings bedryf deur Janusz beantwoord is.

Ek dink dit sal tot voordeel van die gesaagde hout industrie wees indien 'n soortgelyke geleentheid vir die Saagmeul/dakkap industrie aangebied word.

Enige maatskappy mag Janusz kontak maar miskien sal 'n gekombineerde poging per streek meer effektief wees. Miskien is dit iets wat Sawmilling South Africa kan opvolg.

Janusz is in Pretoria met die volgende kontak besonderhede.

Janusz Luterek
