## SOUTH AFRICAN **TECHNICAL** AUDITING SERVICES PTY LTD

### The following is an extract from SATAS NEWS NO 44

*In 2002 "South African Timber Auditing Services Pty LTD" was registered.  
The SATAS Logo was also registered as a certification mark and is presently used on different products as well as on approximately 75% of the structural timber manufactured in South Africa.*

*We have reached the stage where the opportunity exists to expand our certification scheme and to do this we will need to broaden the scope of our SANAS Accreditation.*

*One of the options that we have considered is to change our company name to "South African **Technical** Auditing services Pty Ltd". This will enable us to retain the current SATAS Logo as is, which is an established Quality Mark in the market place.*

*We value the support that you have given SATAS over the past 6 years and would appreciate your comments per e mail on the proposed name change.*

We are proud to announce that SATAS' registered name has now been changed from:

South African Timber Auditing Services (Pty) Ltd  
to  
South African **Technical** Auditing Services (Pty) Ltd.

The SATAS Certification Logo stays the same.

Please amend your records to reflect this change:  
We want to thank all our Certificate Holders and supporters and we apologize for any inconvenience that the name change may cause.

Groete  
Abe stears

## SOUTH AFRICAN **TECHNICAL** AUDITING SERVICES PTY LTD

### Die volgende is 'n aanhaling uit SATAS NEWS No 44

*In 2002 is die maatskappy "South African Timber Auditing Services (Pty)LTD " geregistreer. Die SATAS logo was ook as 'n sertifiserings merk geregistreer en tans word die merk op verskeie produkte asook op +\_ 75% van die van die Suid Afrikaans vervaardigde strukturele hout vertoon.*

*Ons het nou die stadium bereik waar dit moontlik is om die sertifisering na ander produkte uit te brei. Dit beteken dat ons die huidige veld van ons SANAS akkreditasie moet uitbrei.*

*Een van die moontlikhede wat ons ondersoek is om die maatskappy naam na "South African **Technical** Services (Pty) LTD" te verander. Dit sal ons toelaat om die SATAS Sertifisering merk wat goed gevestig is, vir alle ander produkte te gebruik.*

*Ons heg baie waarde aan ons merkhouders se ondersteuning oor die afgelope ses jaar en ontvang graag jou insette per vonkpos ten opsigte van die voorgestelde naamsverandering*

Ons is trots om aan te kondig dat SATAS se geregistreerde naam soos volg verander is: van;

South African Timber Auditing Services (Pty) Ltd  
na  
South African **Technical** Auditing Services (Pty) Ltd.

Die SATAS Sertifisering Logo bly dieselfde

Verander asb jou records ooreenkomstig. Graag wil ons al ons Sertifikaat houders asook ons ondersteuners bedank asook om verskoning vra vir enige ongerief wat aan die verandering te wyte is.

Groete  
Abe Stears
